## Auction lead-up

- Inspections occur by appointment or during a set time period.
- If changes occur to an item, contact Purple Wave to adjust the listing.
- If additional information is identified about an item, contact Purple Wave to adjust the listing.
- Items posted for auction cannot be removed.

## Auction schedule

### Default auction schedule is:

- At 10:00 a.m. CT the auction begins to close
- Items close one item per minute
- Five minute item extension time

## Item extension

If a bid is placed on an item within the extension time the available bid time is extended. Default extension time is five minutes. Items will extend until no other bids are placed within the extension time.

## Time remaining countdown

## Grouped extensions

- Purple Wave will group together similar items in an auction.
- Any extension to an item in the group will cause all items in the group to extend.
- All items in the group will close at the same time.
